

# Go (Feat. John Mayer & Kanye West)

## Common

Go, go, go, go, go,  
And on the count of three, go! Go, go, go, go, go  
And on the count of three, go! Go, go, go, go, go, uh,  
On the count of three, everybody run back to your fantasyShe was a bad, uh  
The type at the club niggas would grab her  
Fantasize when I had her in the bathroom sweating with her ass up  
The body of a dancer  
We had chemistry 'cause she was a cancer  
Thought forever it would last for, but forever moved faster so I had to: Go!Still, I got to pause when I think  
about her in them drawers  
And, ooh baby she liked it raw  
And, like rain, when she came it poured  
And, like a car I can't afford, I would want it, then want some more  
The positions our frames explored let me know she was secure  
Back for moreGo, go, go, go, go,  
And on the count of three, go! Go, go, go, go, go  
And on the count of three, go! Go, go, go, go, go, uh,  
On the count of three, everybody run back to your fantasyGo, go, go, go, go,  
And on the count of three, go! Go, go, go, go, go  
And on the count of three, go! Go, go, go, go, go, uh,  
On the count of three, everybody run back to your fantasyFreaky, like the daughter of a pastor  
Said I was bait and for me to mack her  
Little red Corvette? Naw, she was faster  
Wet dreams, Lemair Cream and after  
We'd make love and then laughter  
And any way I wanted I could have her  
Said it was some girls that did attract her  
A new chapter she was after, so I said let's go!  
To a place that you want to be  
Get what you want from her and me, free love I wanna see  
Hot sex in the third degree, you're getting served while serving me  
Dirty words encourage me to rock steady and sturdily  
On you're turning me, no turning back, the further we: GO!Go, go, go, go, go,  
And on the count of three, go! Go, go, go, go, go  
And on the count of three, go! Go, go, go, go, go, uh,  
On the count of three, everybody run back to your fantasy
