

# The One That Makes You Happy

**Joe Firstman**

i wore myself in, i burned my soul out.  
i was the worst kind of friend, leavin you with doubt.  
now i can see everything im missin.  
what have you been doin? i wanna leave ya quessin. chorus:  
i wanna be the one, who makes you happy.  
i Wanna be the one, who turns you on.  
i wanna be the one, who makes you happy.  
i wanna be the one, who turns you on. i built myself up, had to talk myself down.  
i don't wanna push you away.  
now, darlin' i don't wanna push you around. chorus:  
i wanna be the one, who makes you happy.  
i wanna be the one, who turns you on.  
i wanna be the one, who makes you happy.  
i wanna be the one, who turns you on.
