

# Not What It Seems

**DVo**

A long day  
If ever these questions were yours what would you say  
    You don't know  
But I'm writing the answers on cheap paper napkins  
    And now he's turning off  
    And now she's shutting down  
    And it's not what it seems  
Nothings the same when you give it away  
    No it's not what it seems  
    It's just what you think it is  
    And these fights  
They climb through my veins like it's mercury rising  
    And these nights  
I seem to remember a home that was better  
    And now he's turning off  
    And now she's shutting down  
    And it's not what it seems  
Nothings the same when you give it away  
    No it's not what it seems  
    Its just what you think it is  
    And now he's turning off  
    His family's breaking down  
    And it's not what it seems  
Nothings the same when you give it away  
    No it's not what it seems  
Its just what you think it is it's just what you think it is  
    No it's not what it seems  
    No it's not what it seems  
    No it's not what it seems  
Nothings the same when you give it away  
    No it's not what it seems  
    No it's not what it seems  
It's just what you think it is just what you think it is  
    It's just what you think it is  
    What you think it is
