Evaporated

Tristan Prettyman

Ohh baby, baby, I'm craving your kiss on my neck
Ohh your breath, deep in my ear, all up in my ear
So your all the I can hear...
Well you said if it would be with anybody it would be with you
And now your making me promises that I can't hold you 2because one kiss, wasn't enough
To keep me here and patiently waiting
For you to decide who you want and when you want them|
While you leave me in the sun evaporating...And now your stressing me out, ohh your stressing me out
Because I, I spent so much time trying to figure out what your all about
But it's all been said and its all done now
I'll find away to get you, I'll get to you somehowohh because...one kiss wasn't enough, to keep me here and patiently waiting for
You to decide that I'm the one you wanted
Well you left me for too long outside
And I'm evaporated...So baby, baby I'm craving your kiss on my lips
You know I, I can't resist it when you put your hands on my hips
He says I want a girl to sweep me off my feet
Well I guess, all this time, my voice was just a little too weak....because...one kiss wasn't enough to keep me here and patiently waiting for
You to decide that I'm the one you needed
Well you waited to long
I'm evaporated....so tell me that one kiss wasn't enough...cause by now, by now I'm givin' up...ohh so you can't tell me come on..tell me that one kiss wasn't enough... your givin' in, your givin' in, cause your givin' up...
