Fire Within

Lullacry

You're not even worth the finger I gave you
Step aside 'cause it's too late to undo
Thanks a lot for all the pain and hurt
Happy endings don't mix with the real worldCan't kill me
Fire within
Can't kill me
Fire within(Chorus)
Overkill, stonedead
I will make you pay
Grinding, smashing
I will drive you insaneI just wonder how you can be so G-ddamn naive
You're being stupid beyond belief
Do not talk to me about the misery
You ain't see nothing yet
Got more to giveCan't kill me
Fire within
Can't kill me
Fire within(Repeat chorus)Fire within
Fire withinFire within
Fire within(Repeat chorus)Fire within
Fire within
