

While It Ain't Rainin'

Ashton Shepherd

He told me the ground's just right for plowin'
And Lord knows I'm drownin'
In a thousand things I need to do
He's had a week of perfect weather,
He knows it won't last forever
And he's tryin' to put this precious time to use
While it ain't rainin', while it ain't rainin'

Rainbows today are gone tomorrow
Blue skies ain't something' you can borrow
Life's like the weather always changin'
Better make the most of it all's, all I'm sayin'
While it ain't rainin', while it ain't rainin'

I told him baby, I need your lovin'
I need warm tender huggin'
And a sweet gentle whisper in my ear
We have had our battles, our wars
We've seen our share of downpours,
So let's enjoy right now, right here
While it ain't rainin', while it ain't rainin'

Rainbows today are gone tomorrow
Blue skies ain't something' you can borrow
Life's like the weather always changin'
Better make the most of it all's, all I'm sayin'
While it ain't rainin', while it ain't rainin'

Yeah, life's like the weather, always changin'
Thank the good Lord for every breath that you're takin'
Yeah, make the most of it all's, all I'm sayin'
While it ain't rainin', while it ain't rainin'
While it ain't rainin'
