New Found Freedom

Taylor Hicks

New found freedom, I'm leaving the past behind
New found freedom, making up for lost time
Dug a little deeper, moved it on down the line
Must've been sleepin', it's about time I opened my eyes
When I walk I walk with confidence
I hold my head up high
When I talk I've got a positive sense
Of who I am inside
New found freedom
Oh, let the light be my life
New found freedom
Oh, gonna spread my wings and fly
It's no secret where I've been before
Turned that corner standing at the front door
Starting down a new road leaving the other side
Gonna release it, breaking away the ties that bind
When I walk I walk with confidence
I hold my head up high
When I talk I've got a positive sense
Of who I am inside
New found freedom
Oh, let the light be my life
New found freedom
Oh, gonna spread my wings and fly
When the earth shook that's all it took to make a change in me
It's a new way, a new day, things ain't what they use to be
New found freedom

Let the light be my life
New found freedom
Gonna spread my wings and fly
When the earth shook that's all it took to make a change in me
It's a new way, a new day, things ain't what they use to be
New found freedom
Let the light live in my life
New found freedom
Gonna spread my wings and fly
New found freedom
Let the light be my life

New found freedom
Gonna spread my wings and fly
Freedom
Let the light be my life
New found freedom
Gonna spread my wings and fly
Freedom
Let the light be my life
New found freedom
Gonna spread my wings and fly
Freedom
Let the light be my life
New found freedom
Gonna spread my wings and fly
Spread my wings and fly
