

# Crucial (feat. Russ Klyne)

## K-OS

See this here, this is Crucial, yeah This is an emergency  
They shot down in the dark  
They did cause the paid a fee  
Now there's nothing to die for All the kids from miles around  
Are fools in paradise  
Don't know about the pirate sound  
So the scene is an eyesore Coming back we fly away  
Jaja coming so I live to see another day  
All I think about if I were just to run away  
Would I come back to love you, girl?  
I don't wanna change the world  
I only want to stop pretending  
What you say? Come again  
What you say? Come again now Nothing left to do but let it burn  
I only hope we're all ascending high  
What you say? Come again?  
What you say? Come again now? All around my hometown  
They tried to chop me down  
But the truth shall not forsake me  
Take me up to higher ground And you, you, you, you, you  
You're the life when the feeling is dark  
Not pretending the game is a race  
Because you're born and you'll die in my heart  
I don't wanna change the world  
I only want to stop pretending  
What you say? Come again?  
What you say? Come again now? I will never let you down  
I'll be right here beside you, hanging around  
So if you think you let me down  
Leave me here in silence, without a sound Change words ch-change burns  
We came first  
That's why we're in chains  
And there's nowhere to play at night
