## Crucial (feat. Russ Klyne)

## K-OS

See this here, this is Crucial, yeahThis is an emergency
They shot down in the dark
They did cause the paid a fee
Now there's nothing to die forAll the kids from miles around
Are fools in paradise

Don't know about the pirate sound
So the scene is an eyesoreComing back we fly away
Jaja coming so I live to see another day
All I think about if I were just to run away
Would I come back to love you, girl?

I don't wanna change the world

I only want to stop pretending

What you say? Come again

What you say? Come again nowNothing left to do but let it burn

I only hope we're all ascending high

What you say? Come again?

What you say? Come again now? All around my hometown

They tried to chop me down

But the truth shall not forsake me

Take me up to higher groundAnd you, you, you, you, you

You're the life when the feeling is dark

Not pretending the game is a race

Because you're born and you'll die in my heart

I don't wanna change the world

I only want to stop pretending

What you say? Come again?

What you say? Come again now?I will never let you down

I'll be right here beside you, hanging around

So if you think you let me down

Leave me here in silence, without a soundChange words ch-change burns

We came first

That's why we're in chains

And there's nowhere to play at night
