

Be Alright

Wesley Finn Tucker

Across the ocean, across the sea
Starting to forget the way you look at me, no
Over the mountains, across the sky
Need to see your face, I need to look in your eyes
Through the storms and through the clouds
Bumps in the road, and upside down
I know its hard babe, to sleep at night
Dont you worry
cause everythings gonna be alright
Be alright
All alone, in my room
Waiting for your phone call, to come soon
For you, oh
I would walk a thousand miles
To be in your arms, woah, yeah my heart, oh
I, woah I
I love you
And everythings gonna be alright
Be alright
Through the longs nights, and the bright lights
Dont yo worry, Cause everythings gonna be alright
Be alright
You know that I care for you, I'll always be there for you
Promise I will stay right here
And I know that you want me to
Baby we can make it through anything
Cause everythings gonna be alright
Be alright
Through the soft roads, and the fights
Dont you worry, cause everythings gonna be alright
Be alright
