

Lovers Still Alone

Sawyer Fredericks

You've been losing more than gaining
It is taking its toll
And all your life you've always said
I was the oneOh, wake up, you're not in love
The time that you had is gone
So move on (x2)Is there one man living to deliver the message
To the ones who won't let go?
It's been a long time coming and I'm tired of running
From a lover who's still aloneMove on, oh
If you're lovers still alone (x2)When I'm thinking of leaving
Just keep waiting
It's all I ever been told
And all that you wanted has turned into nothing
Just like the ones you love
Oh, wake up, you're not in love
The time that you had is goneSo move on
Oh, move onIs there one man living to deliver the message
To the ones who won't let go?
It's been a long time coming and I'm tired of running
From a lover who's still aloneOh, yeah, woah
YeahIs there one man living to deliver the message
To the ones who won't let go?
It's been a long time coming and I'm tired of running
From a lover who won't let goWoah
Move on,
If you're a lover and still alone
I said move on
If you're a lover and still alone
