Playin' With Fire

Natasha Thomas

It's like I'm playin' with fire
Real hot, take you higher
It's like I'm playin' with fireIt's like I'm playin' with fire
Real hot, take you higher
It's like I'm playin' with fireAs he moves across the floor
As he grooves, I'm lost for words
See his eyes are the darkest brown
Makes me wanna stay, as he looks my wayCome on move your body mamma get up on the dance floor
Let me see you workin' what your mamma gave you
Wanna see you grind, baby show me what you came for
Back breakin', booty shakin', 'til the nights throughCome on let me know if you wanna get down with me
(Put your hands up, baby)
We can dance through the night and just take it real casually
(I give it real slow, baby)
Come let me know if you wanna come back with me
(Put your hands up, baby)
If you stay for the night, I can show you what you wanna see'Cause it's like
Like I'm playin' with fire
Real hot, take you higher
Like I'm playin' with fireMovin' close bodies intertwined
Ain't no rush, I'm gonna take my time
Taste his lips, caress his skin
Feel his touch, made me just give inCome on move your body mamma all up in the bedroom
Let me see you workin' what your mamma gave you
Wanna see you sweat, baby gotta, gotta get some
Back breakin', booty shakin', 'til the nights throughCome on let me know if you wanna get down with me
(Put your hands up, baby)
We can dance through the night and just take it real casually
(I give it real slow, baby)
Come let me know if you wanna come back with me
(Put your hands up, baby)
If you stay for the night, I can show you what you wanna see'Cause it's like she got legs to her ears, y'all
And when she walks people, cheer, yall
I never seen a girl like this, ah, okayIt's like I'm playing with fire
It's like she's takin' me higher
She's got a body like electric, yeahCome on let me know if you wanna get down with me
(Put your hands up, baby)
We can dance through the night and just take it real casually
(I give it real slow, baby)

Come let me know if you wanna come back with me
(Put your hands up, baby)
If you stay for the night, I can show you what you wanna see'Cause it's like
Like I'm playin' with fire
I real hot, take you higher
It's like I'm playin' with fire
