

Dust

Deptford Goth

Black skies dropped dust, and it formed you
Cold stone rearranged, and performing
Doing beautiful things, you're a human
And I like you the best
Overlapping in lies, moving onward
Never knowing what is moving upon us
The world lies, and the world steals
And you can't take it back
This dream will be a woman
This rock will be a boy
Saving water within and between them?
Since it landed and ran
Look at the buildings, recall them
Our stones rearranged and performing
Remember what you are doing
Soon we will be dust
Soon we will be dust
(before you know)
Soon we will be dust
(before you know)
Soon we will be dust
(before you know)
Soon we will be dust
