

Senseless

Erasure

Go ahead, get captivated
Will you ever give your secrets away?
My mind says it's gonna drive me senseless
But it's only tunnel vision, it's only state of mind
It's alright, it's alright to make the move
It's alright, get there, stay there
Babe it's alright
It's alright to feel the mood
It's alright, so good, so far
Babe it's alright
There has to be some kind of harmony
To keep the maddening silence away
So hang on, and we'll be moving on
'Cause it's only your confusion that's keeping us behind
It's alright, it's alright to make the move
It's alright, get there, stay there
Babe, it's alright

It's alright to feel the mood
It's alright, so good, so far
Babe, it's alright
It's alright
It's alright, it's alright
Got there, babe, better stop there
Inhibition slipping away
Stay there, got a lot that we can share
I found out the secret was only state of mind
It's alright, it's alright to make the move
It's alright, get there, stay there
Babe, it's alright
It's alright to feel the mood
It's alright, so good, so far
Babe, it's alright
