Grow Till Tall

Jonsi

Everyone, everyone, everyone You'll know when's time to go on You'll really want to grow and grow till tall They all in the end will fall You'll know when's time to go on You'll really want to grow and grow till tall They all in the end will fall You'll know when's time to go on You'll really want to grow and grow till tall They all in the end will fall Grow till tall, they all in the end will fall They in the end will turn and fall You'll know, you'll go You'll know, you'll know You'll know, you'll know You'll know You'll know, you'll know
