You Are All I See

Active Child

If you think you're ready, I will lead you now
To a field where it's buried, somewhere underground
All good things in time, I know we'll be fine
Buried underneath, you are all I see, you are all I seeAll good things in time, I know we'll be fine
Buried underneath, you are all I see, you are all I see, you are all I see, you are all I see
