Passafire

Tonight we're gonna sing with the power of a thousand tongues
Tonight we're gonna blast with the power of a thousand guns
Tonight we're gonna shine with the power of a thousand suns
Because tonight we're singing the songs, busting these rhymes,
singing these words to everyone

Oh why would I deceive you
I'd never ever try to mislead you
You've got to have eyes in the back of your head
The next man he might try to cheat you

Tonight we're gonna climb the ladder of a thousand rungs
Tonight we're gonna take the breath of a thousand lungs
When you gonna see it doesn't matter if we're the only ones
Because tonight we're singing the songs, busting these rhymes,
singing these words to everyone

Oh why would you deceive me
Don't do it if you're just trying to please me
The world is made up of so many opinions
The thought of this is never gonna leave me

Tonight we're gonna sing with the power of a thousand tongues
Tonight we're gonna blast with the power of a thousand guns
Tonight we're gonna shine with the power of a thousand suns
Because tonight we're singing these here songs to everyone
