

Where's the Party

Madonna

Working Monday through Friday
Takes up all of my time
If I can get to the weekend
Everything will work out just fine
That's when I can go crazy
That's when I can have fun
Time to be with my baby
Time to come undone Where's the party (where's the party), I want to free my soul
Where's the party (where's the party), I want to lose control
Where's the party (where's the party), I want to free my soul
Where's the party (where's the party), I want to lose control Couldn't wait to get older
Thought I'd have so much fun
I guess I'm one of the grown-ups
Now I have to get the job done
People give me the business
I'm not living in fear
I'm just living in chaos
Gotta get away from here Where's the party (where's the party), I want to free my soul
Where's the party (where's the party), I want to lose control
Where's the party (where's the party), I want to free my soul
Where's the party (where's the party), I want to lose control Don't want to grow old too fast
Don't want to let the system get me down
I've got to find a way to make the good times last
And if you'll show me how, I'm ready now Slow down you move too fast
Gonna make the good times last
Gonna let my hair hang down
I'm ready now Slow down you move too fast
Gonna make the good times last
Gonna let my hair hang down
I'm ready now Where's the party (where's the party)
Where's the party (where's the party), someone tell me
Where's the party (where's the party), come on, come on, come on
Where's the party (where's the party) Don't want to grow old too fast
Don't want to let the system get me down
I've got to find a way to make the good times last
And if you'll show me how, I'm ready now Where's the party (where's the party), I want to free my soul
Where's the party (where's the party), I want to lose control
Where's the party (where's the party), I want to free my soul
Where's the party (where's the party), I want to lose control Slow down you move too fast

Gonna make the good times last
Gonna let my hair hang down
I'm ready now Slow down you move too fast
Gonna make the good times last
Gonna let my hair hang down
I'm ready now Where's the party (where's the party)
Where's the party (where's the party), someone tell me
Where's the party (where's the party), come on, come on, come on
Where's the party (where's the party) We can make it all right
We can make you dance, we can make a party last all night We can make it all right
We can make you dance, we can make a party last all night We can make it all right
We can make you dance, we can make a party last all night We can make it all right
We can make you dance, we can make a party last all night We can make it all right
We can make you dance, we can make a party last all night We can make it all right
We can make you dance, we can make a party last all night We can make it all right
We can make you dance, we can make a party last all night
