Young Girls

Dokken

Staying out all night dancing
You can't keep them at home, no
She'll tease and smile, she'll play for a while
She's got it under control, yeah
I hope it's me tonight, she's looking for
Oh, sweet young girls, I love them all
Young girls, driving me crazy
Young girls, I love them all
The doctor says, I must slow down
I gotta leave them alone, yeah
All I know if I'm gonna die
What a way to go
I hope it's me tonight, she's looking for
Oh, sweet young girls, I love them all
Young girls, you're driving me crazy
Young girls, I love them all
Young girls, beautiful ladies
Young girls, I want them all, eh
I hope it's me tonight, she's looking for
Oh, sweet young girls, I love them all
Young girls, you're driving me crazy
Young girls, I love them all, yeah
Young girls, those beautiful ladies
Young girls, I want them all, yeah
Young girls, those beautiful ladies
Young girls, I love them all
Young girls, ooh, yeah
Young girls, how old are you anyway?
I hope it's me tonight, she's looking for
Oh, sweet young girls, I love them all
