

Listen To Your Heart

The Maine

"We're too young, this is never gonna work"
That's what they say, "you're gonna get hurt"
But I know something they don't.
I hear your heart, it's beating right in time.
Right from the start I knew I had to make you mine,
And now I'll never let you go.
Don't they know that love won't lie. Don't listen to the world, they say we're never gonna make it.
Don't listen to your friends, they would've never let us start.
Don't listen to the voices in your head,
Listen to your heart. This promise doesn't have to be so loud,
Just whisper I could find you in a crowd.
I think it's time we ran away.
Your father says I'm not good enough for you.
Your mother she thinks that this is just a phase,
I think that we should run away. Don't listen to the world, they say we're never gonna make it.
Don't listen to your friends, they would've never let us start.
Don't listen to the voices in your head,
Listen to your heart. You gotta listen to your heart.
Go on and listen to your heart.
Come on and listen to your heart.
It will tell the truth,
It will set you free,
It will say that you were meant for me,
And this is where we're suppose to be.
Yeah! Don't listen to the world, they say we're never gonna make it,
But I know we'll make it.
Don't listen to your friends, they would've never let us start.
Don't listen to the voices in your head,
Love will never ever let us fall apart,
You gotta listen to your heart.
Go on and listen to your heart.
You've gotta listen to your heart.
Come on and listen to your heart.
Listen to your heart.
