Sane

Step by step, you're gonna make yourself feel better
Buy yeah buy, you're gonna make yourself feel better
Try yeah try, you're gonna make yourself feel ruthless
More yeah more, you're gonna make yourself feel sane

Can't stop looking and you can't stop taking it in
Head's full baby, but you can't stop taking it in
Reach yeah reach, 'til your arms can't reach any longer
More yeah more, you're gonna make yourself feel sane

Numb it again

Television's dead but you can't stop taking it in
Cover up your eyes, but you can't stop taking it in
Dead dead speech, yeah you can't stop taking it in
Speed it up baby, you gotta make yourself feel sane

Can't stop looking and you can't stop taking it in
Head's full baby, but you can't stop taking it in
Reach yeah reach, 'til your arms can't reach any longer
More yeah more, you're gonna make yourself feel sane

Numb it again
