

# I Am Cow

## The Arrogant Worms

i am cow  
here me moo  
i weigh twice as much as you  
and i look good on the barbeque  
yogurt, curd, cream cheese and butters  
made from liquids from my utters  
i am cow (x2)  
hear me moo

i am cow  
eating grass  
methane gas comes out my ass  
and out my muzzle when i belch  
well the ozone layer is thinner  
from the outcome of my dinner  
i am cow (x2)  
i've got gas

i am cow  
here i stand  
far and wide upon this land  
and i am living everywhere  
from B.C. to newfoundland  
you can squeeze my teets by hand  
i am cow (x6)
