If I Ever Saw a Good Thing

[Great White](...)

If I ever saw a good thing
Baby, it's you
If I ever had a sweet dream
Baby, it's youThere ain't nothing else I want to do
But spend my time lovin' you
If I ever saw a good thing
Baby, it's youThey say that one time in your life
You'll find the one
Who'll stand beside you
No matter where you goAnd I know that must be true
Oh, 'cause baby I found you
If I ever had a good thing
Baby, it's youYou know that everybody needs
Someone to love
'Cause it's a lonesome soul
Who walks aloneBut I don't know what I'd do
Oh baby, if I didn't have you
'Cause it's a long and lonesome road
To walk aloneIf I ever saw a good thing
Baby, it's you
If I ever had a sweet dream
Baby, it's you
