

Beautiful people (Demo)

Pet Shop Boys

City life just leaves me weak
All this madness on the street
Need to get away today
Live my life a different way Is it only a fantasy
To dream about a perfect me? [Chorus: x2]
I want to live like beautiful people
Give like beautiful people
With like beautiful people around Buy the latest magazine
And aspire to the dream
Perfect home and perfect kids
Not a life lived on the skids Is it only fantasy
Or could it be reality? [Chorus: x2] Now I can see myself
Without a care in the world
It's a sun shining
Money spending
Green and healthy new world Is it only fantasy
Or could it be reality? [Chorus: x2]
