

Put The Law On You

[Natalie Merchant](#)

Do I have to put the law on you baby
For all the wicked things you do?
Am I gonna have to put the law on you baby?
That was not what I wanted to doDo I have to put the law on you baby
To try and make you come out clean for every evil deed?
You're just about the lowest
And the dirtiest thing I've ever seenDid you really think you could pull it off
The perfect crime, crime of the heart?
Do you really think that you'll get away
Do the crime and never ever pay?Do I have to put the law out on you baby
Lock you up and throw away the key for the countless counts
Of low down double-cross you've been about
Have you no decency?Did you really think that you could pull it off
The perfect crime, crime of the heart?
Did you really think that you'll get away
Escape my justice until you're dying day?
