

Let the Night Win

Au Revoir Simone

Is it over?

I'm still in love with you.

Can't help stand in your way.Say you wanna let someone new in?

Don't tell me till the morning.

I'm still in love with you.Can't we let the night win?

Can't we let the night win?So it's over.

I'm still in love with you.

Come down. I'll stand in your way.Say you wanna let someone new in?

Don't tell me till the morning.

I'll stand in your way.Can't we let the night win?

Can't we let the night win?

Can't we let the night win?

Can't we let the night win?
