

I'm Still Believing (C.O.A.M Remix)

TOY

Well, she goes, I stay and everything's OK
If I'm leaving I'm still believing, it's always been my way
Must be so hard, such a thing to do
To see she's doing better, no, she's not review So simple, so fine, she perfectly read my mind
I feel I'm real just like a little child Well, I go, she stays, it really is OK
It's pleasy, it's reliving, it almost feels the same
Not such a blow, such a long place to go
When you have nothing with nothing to show So simple, so fine, she perfectly read my mind
I feel I'm real, perfectly out of time
Well, I go, oh well i know, that's why I'm gonna stay
I was dreaming all the feelings but never goes away
It's not quite so too, so hard to do
To watch this getting better, now i'm full with you
