Chief Rebel Angel

Entombed

Down here on the ground since it all began
Experiment in moral and behavior
In spite of all imperfection I'm a fan of man
The worm is my rose tooMany my names
But one and the same
Chaos, being
And the everlasting flamePhosphorous, Lucifer
Stand up, in praise of the morning star
Phosphorous, Lucifer
Say it, "Chief Rebel Angel"
Phosphorous, Lucifer
Stand up in praise of the morning starDon't get too cocky, keep yourself small
Don't ever let them see you coming
Look at me, underestimated from day one
You never see me coming, I'm a surpriseSolid my game
We're one and the same
The chaos, the being
And the everlasting flamePhosphorous, Lucifer
Stand up, in praise of the morning star
Phosphorous, Lucifer
Say it, "Chief Rebel Angel"
Phosphorous, Lucifer
Stand up in praise of the morning starWatching, waiting, holding my breath but I'm no puppeteer
The stage is set, you pull your own strings now
Like butterfly wings once they're touched they never leave the ground
No, I don't make things happen herePhosphorous, Lucifer
Stand up, in praise of the morning star
Phosphorous, Lucifer
Say it, "Chief Rebel Angel"
Phosphorous, Lucifer
Stand up in praise of the morning starPhosphorous, Lucifer
Say my name
Phosphorous, Lucifer
Say my name
Phosphorous, Lucifer
Say my name
