## Dinosaur Jr.

The lights exploded, she stood burning in front  
She ripped my heart out and gave it to me  
My eyes wouldn't open, cemented to her face  
Have I begun the feeble chase? Well, I'll be down, I'll be around  
I'll be hanging where eventually you'll have to be  
I'll just stare and hope you'll care  
It's only everything standing in front of me I know what you did to me  
I know what you did was wrong  
You're allowed to torture me  
Wait a moment until I'm gone I know you're [Incomprehensible], you gotta be  
'Cause I let you be alone for long  
Got to be so completely  
Got to be so, I can't hang on [Incomprehensible] Well, I'll be down, I'll be around  
I'll be hanging where eventually you'll have to be  
And I'll just stare and hope you'll care  
It's only everything standing in front of me Well, I'll be down, I'll be around  
I'll be hanging where eventually you'll have to be  
They're not there, you're standing there  
Now you'll have to decide the fate of my sanity
