

# Willies Shoes

Ciarán Rosney

I wore nothing but hand me downs, when I young and in grown in school, my mama would patch brother willies old clothes and say son they'll just have to do, I never complained cause I knew my daddy's pounds and penny's were few ,one thing that borders me just the wee bit I never could fill willies shoes

I never could fill willies shoes no, I never could fill Willies shoes ,no matter how many stockings I put in my feet I still couldn't fill willies shoes

Now joey o brien was a school pal of mine, he never would leave me alone one day in classroom I got my chance to pay him back all that I owed , he was a bending down tying his shoe when I swung my leg and let fly he stepped aside and my shoe it flew off and hit teacher right smack in the eye

I never could fill willies shoes no , I never could fill willies shoes, no matter how many stockings I put on my feet, I still couldn't fit willies shoes .

Now my brother willy was dark and handsome was a big hit with the girls , and one little cutie blonde haired suzie put my heart in a twirl I thought I'd suprise her when I walked up beside her and kissed her before she'd say boo... but I soon found out with a smack on the cheack that I couldn't fill willies shoes

I never could fill willies shoes no I never could fill willies shoes , no matter how many stockings I put on my feet I still couldn't fit willies shoes

And now the years have past and now I've last struggling hard times are gone I got me a woman brand new car and a pair of shoes of my own it was only last week my small brother willy came here to visit me at my desk I tried on his shoes and and what do u know ..they were still two sizes to big!

I never could fill shoes no , I never could fill willies shoes , no matter how many stockings I put on my feet I still couldnt fill willies shoes

I never could fill willies shoes
