

Darling I Love You

Johnnie Taylor

[Spoken]

But she said there ain't no jive when you apologise Honey I love you darling

I apologise [Sung]

I did you wrong

Broke your heart and made you cry again

Well

And ever since that day you said goodbye

You made me realise

Darling I love you

I love you

I love you Since you've been gone

I can feel the want closing in on me

I just ain't gonna fill with this misery

Darling come back

Darling I love you

I love you

I love you I'm in a nightmare, can't get my head right

Darling I miss you so

The sun is shining but for me in this light

You didn't really have to go

No, you didn't really have to go

You didn't really have to go Come on, come on, come on

Your picture on the wall is of you getting next to me

I'd write a letter but the tears, won't let me see

Darling I realise

Darling I love you

I love you

I love you I don't mind telling you one more time honey

I won't want you to know its coming from T baby

Woah, I want you to know how much i love you, want you and need you all of the time baby [Fading]

Woah,

Oh darling baby

Three little words

I know you hear me
