

# Ceremonial (Burst into Stars)

## Blaqk Audio

Ooh, ooh oh  
Ooh, ooh oh Feel alive, only through the night  
Electric bulbs and you, I feel it too  
You, and I, let us search inside  
A sadness fills this city, I feel it in you Must we be thieving  
you take while we  
were sharing heartbreak Just to feel alive  
feel alive  
Do you feel alive?  
feel alive  
Do you still feel the same way when you're with me?  
Like you swallowed a lie hoping that we'd  
Feel alive  
Feel alive  
Feel alive  
Reel the night, only half a life  
A faded pulse in you I'm here fading too  
You and I, watched the daylight die with sadness in our hearts you smile, like I loved you.  
Was it worth leaving who's worth to see me always  
predicting just to  
just to feel alive  
feel alive  
Do you feel alive?  
feel alive  
Do you still feel the same way when you're with me?  
Like you'd swallow the night hoping that we'd feel alive?  
feel alive  
feel alive  
Over and over we watch the sun  
arise and show upon  
our sadness  
it was  
breathtaking  
you were  
breathtaking  
All we  
heartbreaking  
All we  
just to feel alive

feel alive  
Do you feel alive?  
feel alive  
Do you feel this way when you're with me?  
Like we burst into stars when we laugh  
we feel alive  
feel alive  
feel alive  
feel alive
