

Hangnail

[James Taylor](#)

Note: hidden track. Oh money, oh money, oh where have you gone?
I need me some money to have me some fun
Gonna pick up my guitar and write me some hits
Build me some houses and blow 'em to bits
Gonna furnish them boldly with style and with taste
Generate truckloads of solid waste Hangnail, hangnail, hangnail, hangnail
Have you ever seen a man with a hangnail?
Hangnail, hangnail, hangnail Oh money, oh money, oh where have you gone?
I need me some money to have me some fun
Gonna pick up my guitar and write me some hits Hangnail, hangnail, hangnail, hangnail
Have you ever seen a man with a hangnail?
Hangnail, hangnail, hangnail Oh money, oh money, oh where have you gone?
