

# Burn In Hell

## Judas Priest

Speak to me  
Of those days I won't forget  
Your worst dreams  
Has just returned to pay you back I'm still laughing  
There's not much else I can do  
But one thing's certain  
I'm coming back for you Have you got a gun?  
Do you remember well  
Who you used it on?  
It's time to burn in hell Say my name  
I can hear you whisper  
Not to blame  
You are going to blister Scream in the night  
I've been counting the days  
And it's so amusing  
To see you again Have you got a gun?  
Do you remember well  
Who d'ya use it on?  
You're going to burn in hell Die, why? Time to pay the price  
Kill, I will have my sacrifice  
Plead with fear, I am getting near  
Friend, liar, time to eat some fire Have you got a gun?  
Do you remember well  
Who d'ya use it on?  
You're going to burn in hell Burn in hell  
I can hear you whisper  
Burn in hell  
You are going to blister Have you got a gun?  
Do you remember well  
Who d'ya use it on?  
You're going to burn in hell Burn in hell  
I can hear you whisper  
Burn in hell  
You are going to blister Snarl like a dog  
You'll scream like a banshee  
Stuck like a hog  
You're gonna love me Burn in hell  
I can hear you whisper  
Burn in hell

You are going to blisterBurn in hell  
Screaming like a banshee  
Burn in hell, burn
