

Never Too Loud

[Danko Jones](#)

Advisory - the following lyrics contain explicit language:

I followed the rules till the volume knobs broke
I stand beside the PA all night
As the old saying goes if it's too loud you're too old
I like to do things right But it's a quarter to ten and I slept in again
I can hear the alarm clock go off
You can scream in my ear but I won't hear a thing
Even if you dropped a bomb Because it's never, it's never too loud
It's never, it's never too loud You can kick and scream, blow your top and blow off steam
Don't matter 'cause I won't hear shit
Don't think for a second that it doesn't bother me, man
Going deaf is a son of a bitch Because it's never, it's never too loud
It's never, it's never too loud And the louder you swear it gets
The more I know I'm going deaf 'Cause it's never, it's never too loud
It's never, it's never too loud
Because it's never, it's never too loud
It's never, it's never too loud
