Like Never Before

Steelheart

It ain't no crime, baby
That you're so fine
But for your love
Well, I'd walk the line
I don't want to hurt you, baby
Or break your heart
I don't wanna leave you lonely
Or tear your world apart
I wanna love you
Like you've never loved before
I wanna love you
Then come crawling back for more
I want more, like never before
Hear me out, baby
Tell me all your troubles, baby
I'll kiss away the tears
I'll hold you in my arms
For a thousand years
Tell me all your dreams
I'll try to make 'em come true
'Cause when it comes to lovin', honey
I'll live and die for you
I wanna love you
Like you've never loved before
I wanna love you
Then come crawling back for more
I wanna love you
Like you've never loved before
I wanna love you
Then come crawling back
Woman, I wanna love you
Yeah, I wanna love you
I wanna love you
Like you've never loved before
I wanna love you
Then come crawling back for more
I wanna love you
Like you've never loved before
I wanna love you

Then come crawling back for more
I wanna love you
Like you've never loved before
I wanna love you
Then come crawling back for more
I wanna love you
Like you've never loved before
I wanna love you
Then come crawling back for more
I wanna love you
Like you've never loved before
