Little By Little

Robert Plant

Little by little, my heart grieves
Little by little, I call your name
Little by little, my tears fall
Little by little, everything changesLittle by little, the time goes
Little by little, the days pass by
Little by little, the air clears
Little by little, I can breathe againI can breathe again now, I can breathe again now
I can breathe againBack at the mirror, your good friend
Talk to the mirror to play out your game
Slap in the middle, I stop then
Look at the winner and the price you payCold was the winter, I tremble
Long was the fall, that had no end
Now little by little, the air clears
Little by little, I can breathe, I can breathe againI can breathe again, I can breathe againCall your name, call your name
Call your name, call your nameEverything changes, but everything changes
I call your name, oh, I can breathe again
I can breathe again, I can breathe again
I can breathe again, little by little
