Little By Little

Robert Plant

Little by little, my heart grieves
Little by little, I call your name
Little by little, my tears fall
Little by little, everything changesLittle by little, the time goes
Little by little, the days pass by
Little by little, the air clears

Little by little, I can breathe again I can breathe again now, I can breathe again now

I can breathe againBack at the mirror, your good friend

Talk to the mirror to play out your game

Slap in the middle, I stop then

Look at the winner and the price you payCold was the winter, I tremble

Long was the fall, that had no end

Now little by little, the air clears

Little by little, I can breathe, I can breathe againI can breathe again, I can breathe againCall your name, call your name

Call your name, call your nameEverything changes, but everything changes
I call your name, oh, I can breathe again
I can breathe again, I can breathe again
I can breathe again, little by little
