

Kissin' 'n Huggin' (feat. Sam Palladio)

Nashville Cast

You can't give me what I want
no matter how you try
Coming on strong, coming up short
asking for more than what you deserve

Don't you Try to tell me that
I got It all wrong
I can see that you're playing me
like an old town fiddler and a crying country song
Once that train is off the track (you know)
there ain't no going back
and I can't make it stop and steal my heart
when the kissing and the hugging starts (x4)
I'm a try to warn me right
I guess I got it wrong
I'm coming on strong, I'm coming up short
begging for love like a dog without a bone
Once that train is off the track (you know)
there ain't no going back
and I can't make it stop and steal my heart
when the kissing and hugging starts (x4)
When it gets dark the playing starts
my hands go walking on
The little sweet whispers in my ear

Say it again
Say it again
Once that train is off the track (you know)
there ain't no going back
I can't make it stop and steal my heart
Once that train is off the track (you know)
there ain't no going back
I can't make it stop and steal my heart
when the kissing and the hugging starts (x4)
