

# Love Ko 'to

## Jasmine Trias

I sing of little dreams  
Riding melodies  
Ever since I could speak  
Seeing smiles light up as my notes  
Free spirits, caress emotions

And now a chance to be  
Among my idols  
Who share my passion  
To win a crowd of thousands  
To laugh with, to belong  
To touch more hearts  
To share my song

Here I am, before you all  
Hear me now, finally I'm home  
This stage and I we're inseparable  
I'm singing my song (papara papa)  
Love ko 'to

This always reminds me  
The life I love  
I owe to my family  
And no matter  
Where my rhythm takes me  
By my side is where they'll always be

And now a chance to be  
Among my idols  
Who share my passion  
To win a crowd of thousands  
To laugh with, to belong  
To touch hearts  
To share my song

Here I am, before you all  
Hear me now, finally I'm home  
This stage and I we're inseparable  
I'm singing my song (papara papa)

Love ko 'to

It'll never fade away (papara papa)

It'll never fade away

Here I am, before you all

(Hear me now)

Hear me now, finally I'm home

This stage and I

Inseparable, ohhh

I'm singing my song (papara papa)

I'm singing my song (papara papa)

I'm singing my...

I'm singing my song

Love ko 'to
