

# Anyday

## The Derek Trucks Band

You were talking and I thought I heard you say  
"Please leave me alone.  
Nothing in this world can make me stay.  
I'd rather go back, I'd rather go back home."But if you believed in me like I believe in you,  
We could have a love so true, we would go on endlessly.[Chorus]  
And I know anyway, anyway, I will see you smile.  
Any way, any way, only for a little while.Well someday baby, I know you're gonna need me  
When this old world has got you down.  
I'll be right here, so woman call me  
And I'll never ever let you down.[Chorus: x2]To break the glass and twist the knife into yourself;  
You've got to be a fool to understand.  
To bring your woman back home after she's left you for another,  
You've got to be a, you've got to be a man.[Chorus: x2]Anyway, anyway, I will see you smile.  
Any way, any way, just for a little, just for a little while.
