

# Brown Haired Daughter

## Old 97's

And I tried  
And I know what we are  
Yeah, I saw it in a strange dream  
We're a mess  
I'm afraid  
That this is the real thing  
And I tried  
Tried to leave it all alone  
Send your brown haired daughter home  
But I can't  
So I won't  
and you ought to hear my heart curse  
We're in love  
IN a way  
And it's only making it worse  
And I tried  
Tried to leave it all alone  
Send your brown haired daughter home  
And I'd like  
Yeah I'd like to let her be  
Set your brown haired daughter free  
Yeah, it's strange  
How we are  
So safe until we're sorry  
On a dime  
On a dare  
And it's not my fault she loves me  
And I tried  
Tried to leave it all alone  
Send your brown haired daughter home  
And I'd like  
Yeah I'd like to let her be  
Set your brown haired daughter free  
And I tried  
Tried to leave it all alone  
Send your brown haired daughter home  
But I can't  
So I won't
