

# Doin' It (Making the Garden Grow)

Justine Clarke

Thereâ€™s a bumble bee, a honey bee  
Gettinâ€™ the honey for you and me

Doinâ€™ it doinâ€™ it â€“ doinâ€™ it doinâ€™ it  
Buzzing around â€“ helping the garden grow

Thereâ€™s a little worm digginâ€™ around  
Eatinâ€™ dirt from out of the ground

Doinâ€™ it doinâ€™ it â€“ doinâ€™ it doinâ€™ it  
Little worm â€“ helping the garden grow

Up in the sky thereâ€™s a yellow sun  
Shining down on everyone

Doinâ€™ it doinâ€™ it â€“ doinâ€™ it doinâ€™ it  
Shine shine â€“ making the garden grow

Thereâ€™s a big fat cloud and a drop of rain  
Itâ€™s falling down on the window pane

Doinâ€™ it doinâ€™ it â€“ doinâ€™ it doinâ€™ it  
Splish splosh â€“ making the garden grow

Fly fly through the sky  
Little bird drops a seed  
The seed grows up into a tree  
A green umbrella for you and me

Croaky frogs, cats and dogs  
Creepy crawlies under a log

Doinâ€™ it doinâ€™ it â€“ doinâ€™ it doinâ€™ it  
All over the world â€“ making the garden grow  
Everybody â€“ making the garden grow  
You and me â€“ making the garden grow
