

Answer The Phone

Roxie

Remember boy when i told you that youâ€™re my only one
You took a look at me and i felt your arrogance
You said, â€œhey! weâ€™re done!â€•
I went away from you to recover
I forgot the pain and become stronger
Iâ€™ll never ever give up
And you know that iâ€™m gonna have the last laugh

Chorus:

Hey donâ€™t expect me to answer the phone
Youâ€™re thinking that iâ€™m sad & alone
I changed my number coz iâ€™ve seen the light
Youâ€™re out of touch and i know that iâ€™m right

Finally, at last, you saw me in a party you talk to me
Youâ€™re trying to manipulate the story and youâ€™re sorry
Youâ€™re confident & really sure of yourself
Youâ€™re demanding everythingâ€™s forgiven
Canâ€™t believe it how conceited you can be
Donâ€™t try to deny it

(chorus)

Lalalalalalalala 2x

Bridge:

Took some time alone just to recover
Filtered out the heartaches to be somber
Focused on the brighter picture
Slowly realized nobody can hurt my soul

Then when i was sure that i recovered
Remembered all the pain as a reminder
There is more to life than trivialities and many more
Seeking for a greater call

(Repeat chorus)

Lalalalalalalalala 2x
