

# Kickin' In

## Adam Lambert

She wants to be up there  
In the air where the clouds live  
The sweetest seeds make the best trees  
Thirty thousand feet she can smile and now  
She puts the shot glass down  
She asks for another round  
She wants to hit the clouds  
Honey are you up there now?  
She puts the shot glass down  
She asks for another round  
Girl don't you hit the ground  
Is it kickin' in? Can you feel it kickin' in  
Can you feel it kickin' in  
Can you feel it kickin' in  
Honey are you up there  
Can you feel it kickin' in  
Honey are you up there  
She wants to introduce me  
To her friend Eddie  
What is she tryin' to do to me?  
He got words that rhyme  
He got a dirty mind  
Persuasive  
What am I bout to do right now?  
She puts the shot glass down  
She asks for another round  
She wants to hit the clouds  
Honey are you up there now?  
She puts the shot glass down  
She asks for another round  
Girl don't you hit the ground  
Is it kickin' in? Can you feel it kickin' in  
Can you feel it kickin' in  
Can you feel it kickin' in  
Honey are you up there  
Can you feel it kickin' in  
Honey are you up there

Bounce bounce bounce  
Bounce bounce bounceAnd now she puts the shot glass down  
She asks for another round  
She wants to hit the clouds  
Honey are you up there now?  
She puts the shot glass down  
She asks for another round  
Girl don't you hit the ground  
Is it kickin' in?[Repeat: x3]  
Can you feel it kickin' in  
Can you feel it kickin' in  
Can you feel it kickin' in  
Honey are you up there  
Can you feel it kickin' in  
Can you feel it kickin' in  
Can you feel it kickin' in  
Honey are you up there
