

Rule The World With Love

Barenaked Ladies

It couldn't happen to a better man
It wouldn't happen with a better plan
While we were napping, someone else began
To rule the world with love
It didn't happen to us overnight
Just 'cause it happened doesn't mean it's right
To our embarrassment, we lost the fight
To rule the world with love
Hearts are won
Empires fall in love with love
Love will conquer, all for one
One for all is fair in love and war
Love and war are one
It couldn't happen to a nicer guy
You shouldn't ever have to question why
Just with the power of suggestion
I could rule the world with love
I need to love you with an iron fist
I need to love you with a secret list
I need to love you 'til you don't exist
And rule the world with love
Love
Love
Love as defined by whom?
Hearts are won
Empires fall in love with love
Love will conquer, all for one
One for all is fair in love and war
Love and war are one
How could it happen when we couldn't lose?
And now we're slapping make-up on the bruise
Though it was handed to us, we refused
To rule the world with love
Love
Love
Love as defined by God
Hearts are won
Empires fall in love with love
Love will conquer, all for one

One for all is fair in love and war
Love and war are one
