Living for Metal

Primal Fear

They were comin' to our city
With a wall of energy
Got their records and went crazy
This is how it's gotta beThis heavy sound
Has got into our veins
It tore us all around
Exploring our brainsLiving for metal
You keep us going
Living for metal
We hear you roaring
Metal is our lifeNow we're comin' to your city
Formed a band right on our own
All the fans are going crazy
Playin' metal all night longThis heavy sound
Has got into your veins
It tears you all around
It's getting in your brainsLiving for metal
You keep us going
Living for metal
We hear you roaring
Metal is our lifeBorn to play the sound
Bang to the beat
Which turns you on
Feel the shakin' ground
So stamp your feet
And sing this songLiving for metal
You keep us going
Living for metal
We hear you roaringLiving for metal
You keep us going
Living for metal
We hear you roaring
Metal is our life
