Over Love

Laura Branigan

My head touches the pillow
Dreams of us come rushin' through
They light the dark like fireflies
Slowly fillin' up the room
Everywhere I look tonight
I can see how I criedOver love, over you
Over love
There was nothing I could do
Over love, over youI believe in magic
It clouds the mind like sweet perfume
It almost made me crazy
I could've died from the pleasures of me and you
Until the magic drifted away
I never thought I'd sayI'm over love, over you
I'm over love
And there was nothing I could do
Over love, over you
And so I'm turnin' on the light
Don't want to lose another night
Over loveNot gonna hurt anymore
Not gonna do what I did before
Not gonna feel like I felt till I fall again
I'm over loveI'm over love, over you
I'm over love
And there was nothing I could do
Over love, over you
And so I'm turnin' on the light
Don't want to lose another nightOver love, over you
Over love
And there was nothing I could do
Over love, over you
I'm over love
And there was nothing, nothing, nothing I could doOver love, over you
Over love
And there was nothing nothing I could do
Over love, over you
I'm over love
And there was nothing nothing baby I could do
