

Secret Weapon

ZHU

You're my secret weapon
My sexy piece of heaven
Girl, you make me better
I swear we'll be together
You're my secret weapon
My sexy piece of heaven
Girl, you make me better

I swear we'll be together I'm getting impatient
Almost every other conversation's just a waste of time
Did I give into temptation?

A master of manipulation but you'll never mind It's true, you're dead to me when the night is done
It's a love casualty, look what we've become You're my secret weapon

My sexy piece of heaven
Girl, you make me better
I swear we'll be together
You're my secret weapon
My sexy piece of heaven
Girl, you make me better

I swear we'll be together Two can keep a secret
But you know that's only true when one of them is dead
And I won't, won't be a victim

It's a crime, we've dug a grave that we are sleeping in And I know it's dangerous to mix love and lust
It's cold inside your arms when the morning comes You're my secret weapon

My sexy piece of heaven
Girl, you make me better
I swear we'll be together
You're my secret weapon
My sexy piece of heaven
Girl, you make me better

I swear we'll be together You're my secret

Don't you make this difficult

You're my secret

Cause you know that I want more

You're my secret

We'll just keep it on the low

You're my secret, you're my secret, you're my secret

You're my secret

Just keep it on the low

You're my secret

We can do no wrong
You're my secret
I'm a love you all night long Touch it, touch it, touch it, touch it
Touch it, touch it, touch it, touch it
