Superhero (produced By DEEKAY)

JLS

Can you feel my x-ray
As I scan you down
Can you feel the tremble
As I shake the ground
Gonna make the whole world
Revolve around you now
Feel the power run through me
That's what you do to meIf you wanna fly
Put your drink down hold me tight
I'll take you round the world tonight
One second and we touch the sky, I'll take you
Out the atmosphere back to the club before the sun comes upI, I can set this floor on fire
I can take you so much higher
Than you've ever been before
I can be your superhero
Movin' at the speed of light
I can stop the time
You just gotta let me know
I can be your superheroI can move mountains
If that's what it takes
Go supersonic
You'll never have to wait
My pulse is racing like crazy
Whenever you're around
Somebody cool me off
Before I shut this whole block downIf you wanna fly
Put your drink down hold me tight
I'll take you round the world tonight
One second and we touch the sky, I'll take you
Out the atmosphere back to the club
Before the sun comes upI, I can set this floor on fire
I can take you so much higher
Than you've ever been before
I can be your superhero
Movin' at the speed of light
I can stop the time
You just gotta let me know
I can be your superheroAll you single ladies put your hands up high
All you single fellas get your game up it's your time

All you single ladies put your hands up high
All you single fellas get your game up it's your time
Movin' at the speed of light I can stop the time,
Stop the time, stop the time
